

Control Specialists Ltd

Control System and Industrial Network Support
for the Process and Factory Automation Industries

Quality
Control & Feedback

Services
Quality
Support

We have operated a BSI certified ISO9001 Tick IT Quality Management System (QMS) since 2003. This is audited annually and is certified as being compliant to the ISO9001:2008 TickIT standard. Part of this certification requires us to ask our clients for comments on the level of service we have provided. Some are reproduced here, there are many more examples on our website.

"He showed us a high level of productivity, punctuality and professionalism. We were happy to work with a specialists of that level" – NPO Technocont (Moscow)

"The response has always been very good with the engineers being very helpful and competent" – Medimmune (UK)

"Great Execution, good work process that was followed rigorously. Great support when issues arose" – Sabic (Netherlands)

The scope of our certification is: "Process control, software design, validation, consultancy and training to TickIT standards". We have a defined Quality Policy and our QMS is regularly audited.

"We felt the project was well prepared, executed and delivered results exceeding our expectations" – De La Rue (UK)

"I have always found Control Specialists Ltd an extremely professional and efficient company to deal with. They offer pragmatic solutions to problems and deliver these on time" – AstraZeneca UK
